As this report grew, and the subsequent media frenzy, we felt the need to reach out to ourselves and talk about the book. With the help of a few other experts from the project, we decided to bring together an interdisciplinary team to help us answer the question, "What does it mean to be a Hindu? What does it mean to be a Hindu woman? What does it mean to be a Hindu lesbian or gay person? What does it mean to be a Hindu Indian when one is also a Sikh? What does it mean to be a Hindu in Africa? What does it mean to be a Hindu outside of India? What does it mean to be a Hindu in America? And what does it mean to be a Hindu in Australia? At the same time, we also got to look at how the media and other religious groups have contributed to the kinds of images that we may see. So, in addition to the six years of full-time work we did as part of the project, we were fortunate enough to be given the opportunity to spend an additional year, as a part of the Future of Hinduism, examining the role of Hinduism in creating, informing, and reflecting its own future. The Need for Dialogue and Self-reflection. A significant part of this book is dedicated to self-reflection and looking inward to find out what it means to be a Hindu woman, a Hindu minority person, a Hindu in India, a Hindu in Australia, and a Hindu in America. This book is an attempt to find an answer to a simple question that we personally never thought about before: How do I make sense of my own faith and identity? What does it mean to be a Hindu woman? How do Hindu women and men differ? Do they really differ as much as we think they do? What does it mean to be a Hindu minority person? What does it mean to be a Sikh woman? And how do they differ from other minority groups in the US? What does it mean to be a Hindu in Australia? What does it mean to be a Hindu in India? We realized the importance of examining our own religious identity to begin to understand the larger world we live in. It was important for us to look at what we saw from a different perspective than the one in which we were raised. We were raised in and around a culture that was extremely Westernized and looked at Hinduism as a relatively new tradition. Whereas in the West, we may be raised within a religious 82157476af
